Lounge Chair **LC-1**

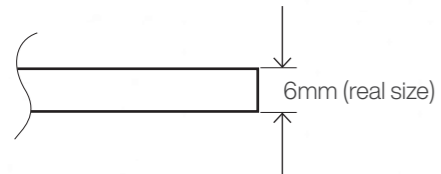

Matte carbon fiber, black leather,
metal pieces in black anodized aluminium.

Pearl white paint, white leather,
metal pieces in black anodized aluminium.

Slim Elegance

Utilising the extreme capabilities of carbon fiber, we have designed a sleek yet elegant form. At only 6mm thick, including the finishing, the LC-1 blends 4 different fabrics, to obtain something unique, beautiful and ethereal.

Pure and Simple

We have embraced simplicity, using few materials to create the LC-1: carbon fiber, anodized aluminium and 6 titanium screws.

Together with the optional premium-class aniline leather, there is no finer combination.

Black carbon fiber, aniline leather,
metal pieces in natural aluminium.

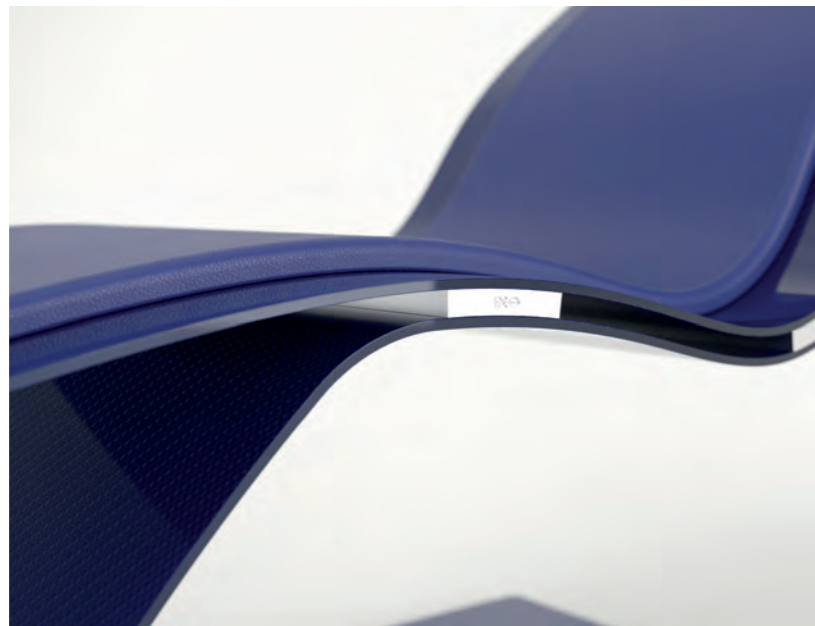

Embossed logo on leather.

Metal counterweight for headrest
height compensation.

Customizable Aesthetic

You are in control. Each piece is hand crafted allowing for unparalleled finishes. From the full richness of carbon weaves to metallic transparent tints, or even chameleon colours, the choice is yours.

Blue carbon fiber, blue leather,
metal pieces in natural aluminium.

Black Series

A sophisticated matte finish combined with black, hand brushed, anodized aluminium and black leather makes a serious colour palette for those seeking something truly distinct.

Matte carbon fiber, black leather, metal pieces in black anodized aluminium.

Limitless Combinations

Colours are almost infinite, and the integration of finishes, carbon, paint, leather, stitching and metal are endless. Let us create the ultimate centrepiece for your chosen space.

White paint, edges unpainted. Metal pieces in black.

Ruby red carbon fiber with
black leather, red stitching.

Technical Sheet

Approximate weight (not including leather): 25 kg.

Packaging: 1 units in strong cardboard box with cushioned reinforcements inside.

The piece is delivered unassembled for transport purposes. The LC-1 is supplied with 6 titanium screws for a simple assembly upon arrival.

Aniline leather made in Austria, with Poron XRD® viscoelastic foam.

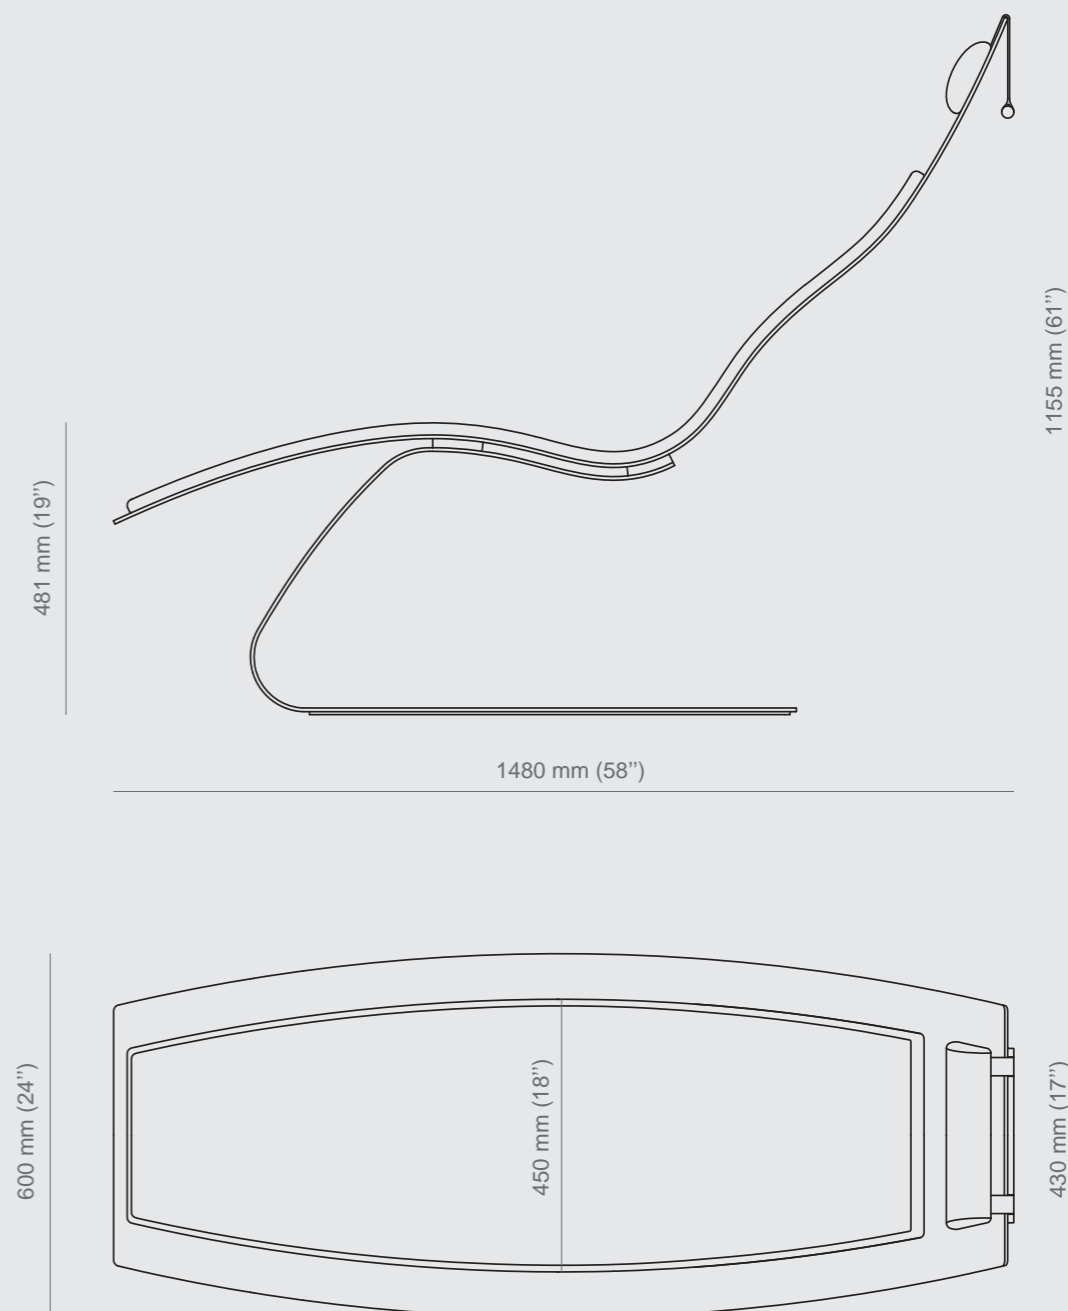

Table Collection **Xlim**

Glossy carbon fiber

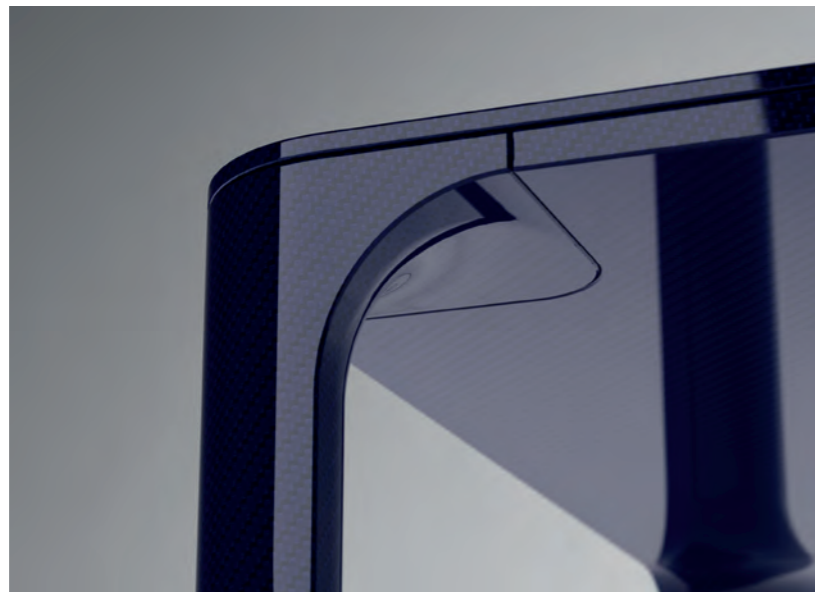

Extreme Slimness

Carbon fiber provides us the possibility of outstanding physical performance, but considering a great stability and comfort.

Slick finish

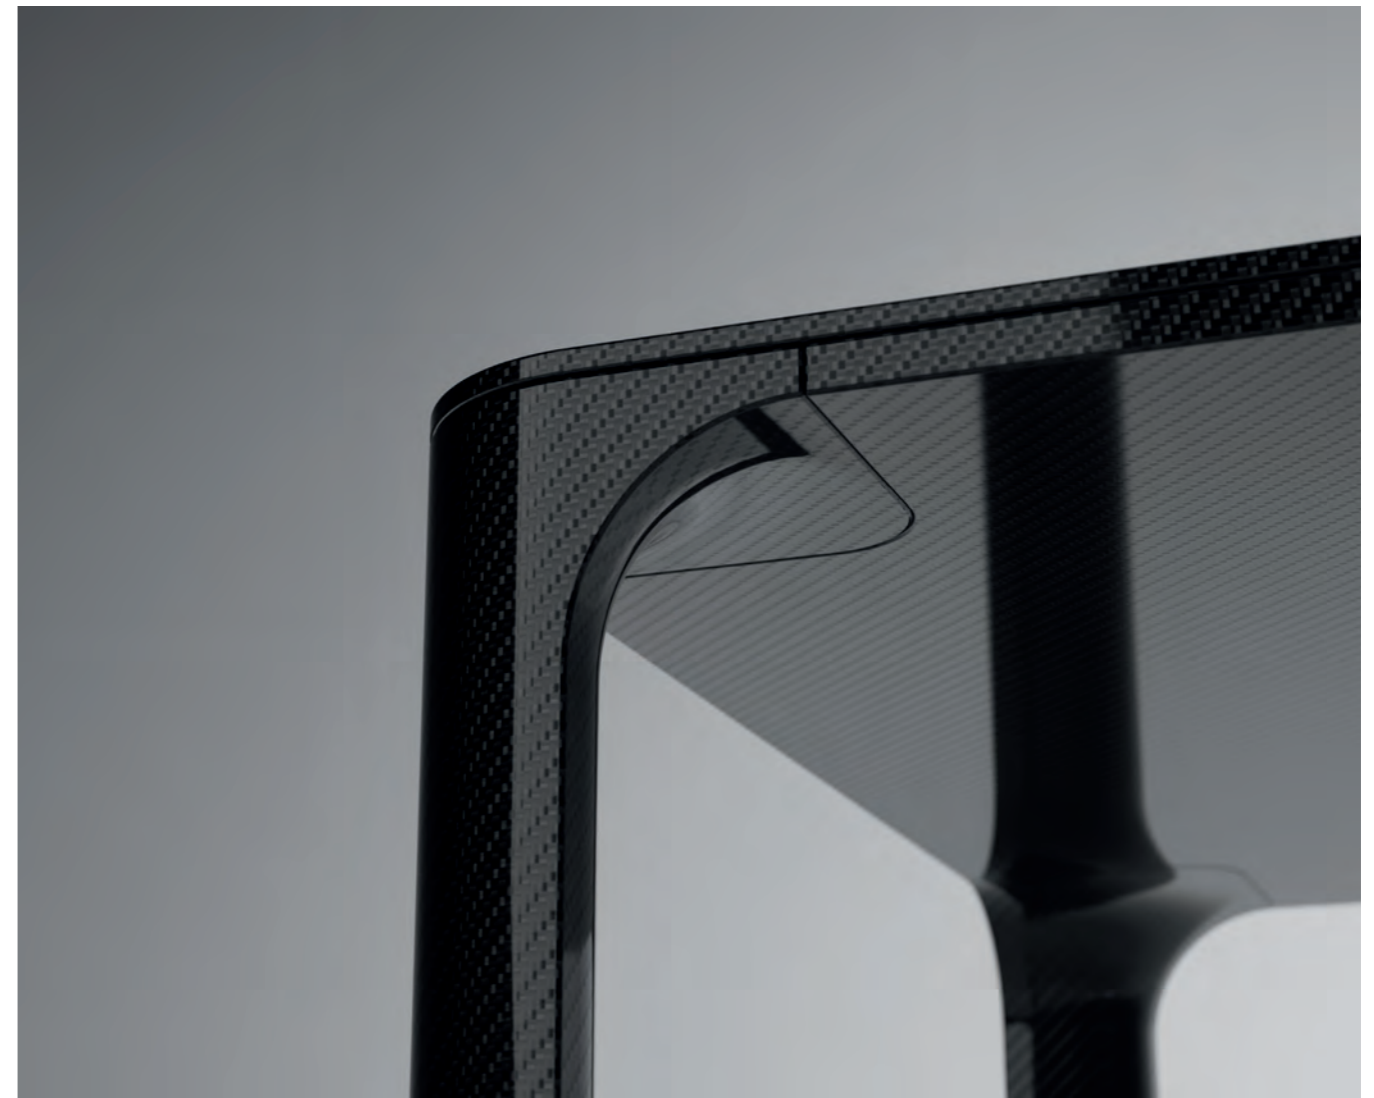

With no visible screws, each line follows the curated design to deliver a unique piece.

Blue Glossy Carbon Fiber

Matte Black Carbon Fiber

All the finishes you can imagine

The sky is the limit, the body can be painted in any color, and for the top piece, there is no limitation: CarbonGlass®, Marble, Wood...

Meet the family

We present 5 standard models, but we can manufacture the Xlim in any dimension. Just contact us.

Armchair / Sofa **AC-1**

Glossy carbon fiber, white leather,
metal pieces in natural brushed aluminium.

Glossy carbon fiber, white leather,
metal pieces in natural brushed aluminium.

Design and character

A classic desing, revised. The structure, made in carbon fiber, conveys a collection of armchair and sofas that fit perfectly in the most exclusive spaces.

Details

All the connections between materials are carefully designed, in order to hide any screw, and provide a clean and sophisticated look.

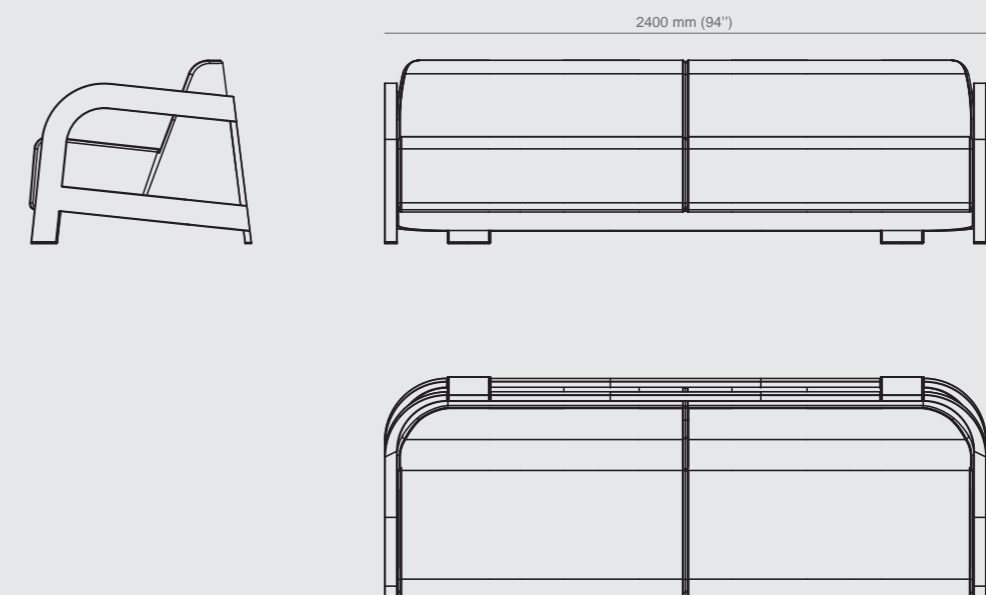

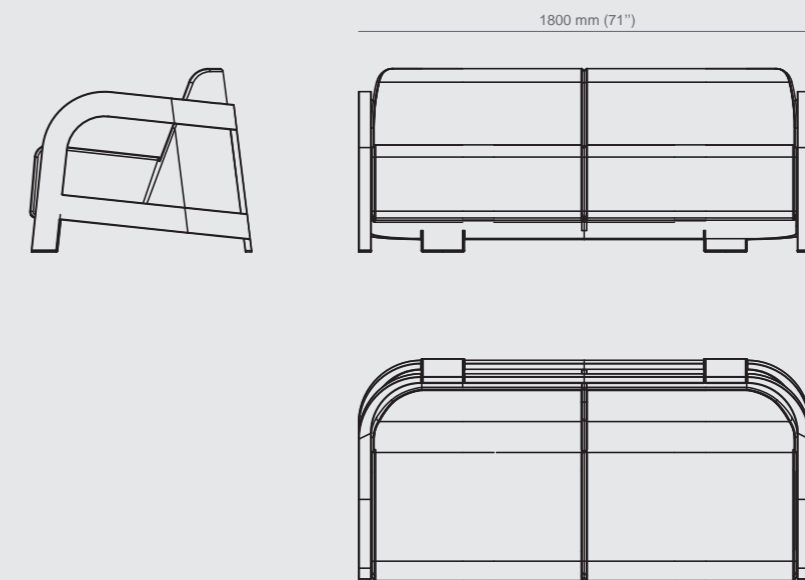

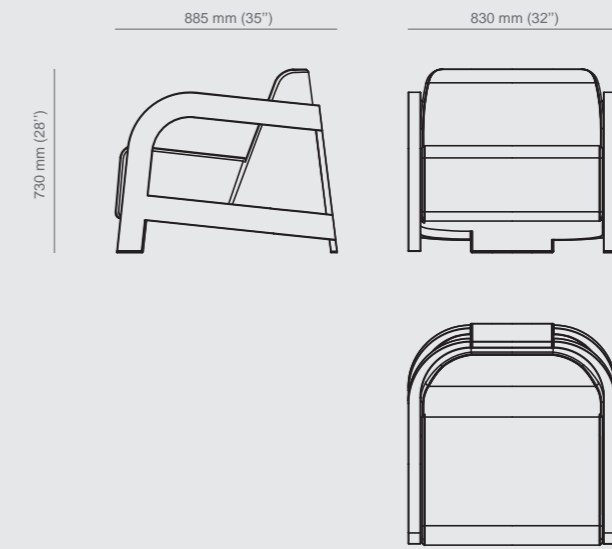

3 sizes

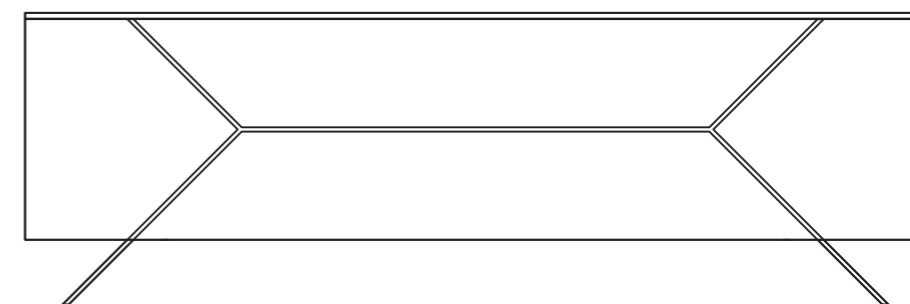

The smart design of the armchair allows us to offer it in any size, for any number of seats.
